Explore the Compliance Flat Course Library

Compliance basics

A concise training completed in under an hour, designed to cover all essential aspects of typical Code of Conduct topics. This content provides all employees with a compact yet comprehensive basic instruction, ensuring a solid grasp of compliance issues.

Executive-specific compliance modules

These modules are specifically crafted for leadership roles, focusing on selected topics. They approach various issues from a managerial perspective and delve deeper into aspects particularly relevant for executives.

Individual compliance instructions

Access a wide range of instructions on all relevant compliance topics, each individually assignable.

The course modules feature practical examples developed by experts, offering clear guidance for your team and directing employees on how to act legally and ethically.

Compliance basics
